Api = Employee/UpdateEmpMolEstID

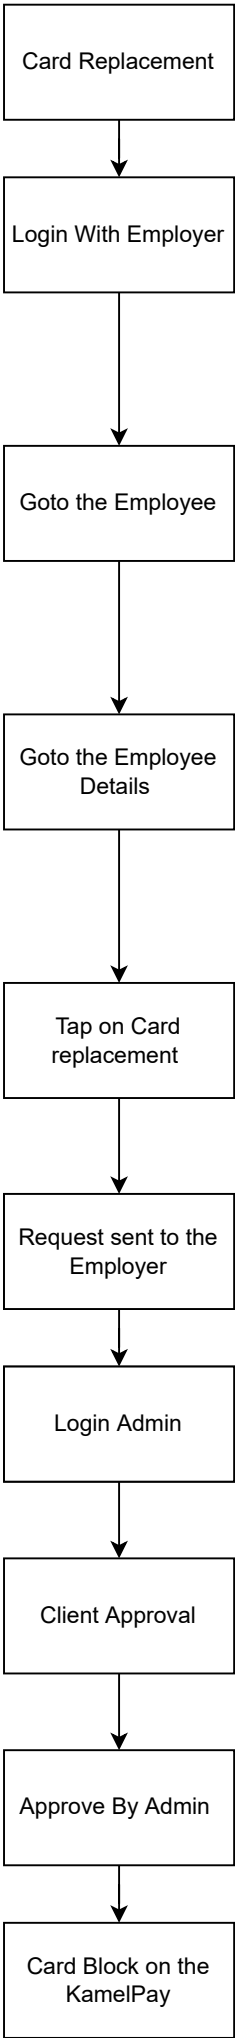

The screenshot shows a mobile application interface for 'Kardiya Technologies 2'. On the left, there's a sidebar with options: 'Switch to Other Bank / Kamel Card', 'Replace Card', 'Get Balance', and 'Get Transactions'. The main area displays 'Personal Details' for 'MR Umar Baig', including 'Display Name', 'Country' (Albania), 'Alternate Number' (03152860651), 'Gender' (Male), 'Date Of Birth' (19-Dec-2022), and 'Mobile Number' (03152860651). On the right, a 'Switch to other bank' modal is open, featuring input fields for 'Bank Name', 'Branch Name', 'IBAN', and 'IBAN', along with a 'Change Bank' button.

Api = Employee/ChangeEmployeeStatus

Api = Employer/EmployeeBulkList

A screenshot of a web application interface for managing employees. It features a search bar at the top left, three buttons (Block Application, Activate Application, Export Employees) at the top right, and a table with columns for View, Emp Code, Name, Is User Active?, Is App Active?, Is App User?, Type, MCL Number, Emirates Id, ED Expiry, Establishment Id, Wallet Id / IBAN, and Date. The table contains one row of data for an employee named KAACHI.

View	Emp Code	Name	Is User Active?	Is App Active?	Is App User?	Type	MCL Number	Emirates Id	ED Expiry	Establishment Id	Wallet Id / IBAN	Date
	99999	KAACHI	Active	InActive	No		9289100000000000		Not Available	1234567890	49791111111	01-01-2020
